

Have you ever considered what you would do if your marriage ended tomorrow?

No one likes to think of divorce or death when planning their wedding day, but it's important to be informed and prepared for every scenario and what your rights and options are when it comes to the law.

Just like we do financial planning in our lives, have Wills drawn up, so too should we be planning when it comes to our relationships.

Join us at the Family Dynamics Webinar where we will discuss:

- Should you review your Antenuptial Contract like you do your Will?
- What are my rights if my partners dies?
- What happens to our children if we both die?
- What happens to our joint property.
- What are your rights to your children post-divorce.
- What are your maintenance obligations.
- Why couples should do marriage counseling regardless.
- How to pick up the pieces and start over
- Toxic behaviours you should stop doing now.

About Your Facilitators:

Paula Quinsee: *Relationship Expert, Tedx Speaker and Author:*

Paula is a certified Imago Relationship Therapy Educator and Facilitator, NLP Life Coach and PDA Analyst, Coach and Trainer. She works with individuals and organisations to positively enhance the quality of their personal and organisational relationships.
